

Fade To Light

Jamie Lipe

D A/C# Bm G2
Gone are the days you prayed would come back
D A/C# Bm G2
And replaced by the sound of sighing and pain now

(D Asus Bm G2)

D A/C# Bm G2
Don't grow weary now The fight is worth it
D A/C# Bm G2
One step at a time will lead you out into the open

 D Asus
As you exhale your longing just long enough to taste
 Bm G2
hope on your lips
 D Asus
That someone much greater is hearing you that bled your pain
 Bm G2
so you could live

G2 D/F# Asus Bm A/C# D
Just be— —lieve in the One who is freedom and life
 G2 E/G# A F#/A# Bm
And you will see your darkest days fade to light
 D A/C# Bm G2
Just believe
 D A/C# Bm G2
Just believe
