

King of All

Jamie Lipe

Oh how I long for Your coming again
When You walk right into the earth and everything changes
I cannot begin to imagine this day
When the Joy of the Ages appears and we behold Him

In all His glory
He comes in victory
Death where is your sting?
Our King has saved the day
Forever He rules and reigns
He is King of All

So we will sing for our God this beautiful King
He is worthy of all our honor and glory
Let worship arise, worship arise to Jesus
Even now strongholds are falling as we lift His name

He has overcome, He has overcome
He is King of All, He is King of All
