

One

Jamie Lipe

How I long to see You face to face
Oh this One, Brighter than the sun
All of earth and heaven look to You
As You come invade humanity
We're overcome by Your glory
One song to You we must sing

Holy, Holy, Holy is Your name

Arise, come and worship Him
Lift Your voice, He is worthy
There's no one like Him ever
The One who was, and is, and is to come
Eternal God, Lion and the Lamb
One song to Him we must sing
