

Portals

Jamie Lipe

I live in mystery
In things I cannot see
Yet it is more real than my skin can tell
A gateway from Heaven's Throne
Through second heaven noise
Down into darkness I become a gate for light

We are portals
Each one of us an open heaven
Releasing the Glory of God
We are portals walking 'round
We are the feet of Heaven
Connecting eternity

Be careful what you see
Be careful what you hear
Be careful what you let in
We must let in purity
