

## Wait For the Rain

Jamie Lipe

It's a long and weary road living in the fight  
When holding on to hope is like embracing the wind  
But I assure things will turn around if you keep on holding on  
'Cause perseverance always brings a promise  
And the promise is in the rain

So wait for the rain  
Wait for the rain

Just wait for the rain, Don't grow weary, Don't grow faint  
Your season will change, Don't grow weary, Don't grow faint

Never give up on life  
Never give up on life  
Never give up on life
