

You Do Not Despise

Jamie Lipe

E

Take me into Your heart where I will find peace again

I've been broken through and through

Crushed in spirit and soul

A E
And I go to You with nothing

A E B
And yet I walk away with everything

A E B A
I run to You and find everything I could ever need

(A B A/C# B/D#)

E

Draw me deeper past the rain where my eyes can see again

I long for reality

That place where You come and heal me

A B A/C#
You do not despise a broken heart

B/D# A
You do not despise a broken heart

B A/C# B/D#
You're attracted to all of me 'cause you love me, love me
